SYCAMORE™ METAL

DURABILITY MEETS COMFORT

Sycamore Metal fully represents the highest level of patient and visitor care and comfort. Functional design includes clean-out between the seat and back, and ergonomic features to support extended periods of waiting. Sycamore Metal's small footprint and durable construction make it an easy solution for common areas and waiting spaces. The patient chair is well suited for areas ranging from exam rooms to inpatient rooms. It features a tall, contoured back for enhanced patient comfort.
