

Table top/base attachment

Tools Required

- Hand Held Phillips #3 Screwdriver.

Hardware Required

Table tops to Base Assembly:

- 14", 18", and 22" Diameter Tops:
Four (4) - #12 x 3/4" Flat Head Phillips Fiberboard Screw.

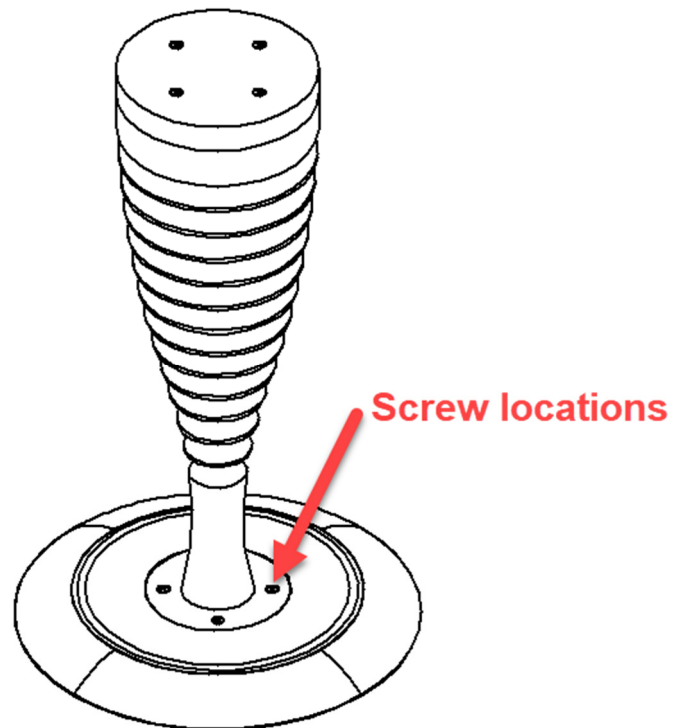

NOTE: Assembly is the same for the 14", 18", or 22" diameter Table Tops.

Installation

Note:

- Proper installation is critical to prevent damage to the table and ensure unit stability.
 - For the tops, four 1/8" diameter by 1/2" deep holes have been pre-drilled for ease of screw insertion.
 - Do not overtighten/strip the screws.
1. Reference Figure A, Align holes in the Base Assembly's Mounting Plate with the pre-drilled holes in the Table Top.
 2. Insert screws included with the Top to attach the Table Top to the Base Assembly.

Figure A

Tops come in 14", 18", or 22" diameter sizes.
