

Kimball®

THEO™

OPEN PLAN PERFECTION

Placed in sprawling landscapes, away from designated work areas, Theo offers an irresistible landing spot. Mix one, two, or more with soft seating for a secondary workspace or casual meeting area. Deceptively efficient, Theo offers a large-scale look with a small-scale footprint.

DYNAMIC BY DESIGN

Enhanced by casters, pneumatic height-adjustment, and a standard tilt feature, Theo's "Active Lounge" keeps pace with fast-moving workdays. At one's desk or around a conference table, casters blend the ease of mobility with another dimension of mid-century appeal.
