Pricing	7.3

Frame features a chrome finish.

Back and seat consist of faux leather over top 10mm foam.

Arms are covered with faux leather.

Knee-tilt control is standard.

Five-star base with chrome finish features casters on high-back and mid-back conference models and glides on side chairs.

Details

Alumma seating is available in high-back and mid-back swivel conference models, as well as a mid-back side chair featuring fixed glides.

Back and seat are available in white or black faux leather. Contrasting faux leather is not available.

Side chair features glides on a five-star base for stationary, non-mobile conference seating.

Alumma seating meets all applicable BIFMA and ANSI requirements

TB117 requirements are met by Alumma seating.

TB133 models are not available.

Ships knocked down:

- Back, arms, seat, and controls
- Cylinder
- Base, casters or glides

Adjustability Features

	High Back	Mid-back	Fixed
Knee tilt	•	•	•
Swivel	•	•	•
Pneu. height	•	•	•

• standard

Knee tilt control provides minimal rise of the front seat edge when reclining, allowing the user's feet to remain firmly on the floor. Back may be locked in a full upright position by pushing in pneumatic height adjustment lever. Recommended for users weighing 253 lbs. or less.

Pneumatic height adjustment allows user to raise or lower the seat height with a control lever while seated. Upward movement of lever located beneath the seat activates a gas cylinder to quickly adjust the chair.
