

Elevate your workplace experience with Optix.

Our integrated workplace management solution transforms your static office into an agile space.

A branded mobile app your employees will love to use, that provides a more seamless experience and gathers you valuable contextual data in the process.

Imagine a more efficient and connected workplace.

About Optix

A mobile-first solution

Power your workplace with a white-labeled app designed with your employees in mind. Now, employees can interact with the workplace easier than ever before.

Intuitive, delightful employee experience

Optix is easy-to-navigate and designed with your employees in mind. Allow them to perform their day-to-day tasks quickly and efficiently.

Data to drive decisions

Measure how your employees use your workplace. Leverage the data you capture to optimize the employee experience.

Connected platform

Sync your existing technology with Optix to create a customizable and robust all-in-one solution to serve the unique needs of your workplace.
