**MEADOW™**
3-Position Recliner Overview

**3-position recliner** features a durable 3-position mechanism which reclines to 124 degrees.

**Optional push bar** with a platinum metallic finish helps caregivers reposition the chair.

**Optional bump guard** is a protective plastic welt cord.

**Contoured back** offers supportive, patient comfort.

**Rear casters** are non-locking.

**Models with fold-down tray** are available; tray can be specified for the left or right side of the recliner as seated. Tray is 12”D x 16”W.

**Footrest** features a removable upholstery cover.

**Arm caps** are available in polyurethane, 3D laminate, finished beech wood, and solid surface. EOS® (Cupron-enhanced EOS) biocidal solid surface arm caps are optional on solid surface arm cap model; upcharge applies.

**Model without arm caps** is also available.

**Optional moisture barrier** is available on seat cushion.

**Optional utility bag hook** is available on the left side of the recliner as seated; not shown.

**Front casters** are locking.

**MEADOW™**

Patient Recliner Overview

Optional push bar with a platinum metallic finish helps caregivers reposition the chair.

Optional bump guard is a protective plastic welt cord.

Contoured back offers supportive, patient comfort.

Heated seat is available as an option.

Optional moisture barrier is available on seat cushion.

Infinite back lock allows locking the back into various positions in 1 degree increments.

Grey, non-marking casters work on both hard and soft surfaces. Individual-locking, single-wheel casters are standard (not shown); central-locking, dual-wheel casters are optional (shown).

Trendelenburg option allows feet to be higher than head; paddles are located on both sides of the recliner.

Footrest lever allows footrest to be extended independently of the back operation.

Arm caps are available in polyurethane, 3D laminate, finished beech wood, and solid surface. EOS\textsuperscript{TM} (Cupron-enhanced EOS) biocidal solid surface arm caps are optional on solid surface arm cap model; upcharge applies.

Model without arm caps is also available.

Optional utility bag hook can be specified on the left side (as seated); not shown.

Models with fold-down tray on the left side of the recliner (as seated) are available. Tray is 12”D x 16”W.

Optional central-locking casters with brake are controlled from a foot pedal on the left side of the recliner.

Footrest features a removable upholstery cover.

Optional pull-out footrest allows for patient to ingress and egress more easily. Footrest also can be used for comfort when recliner is in the seated position.

MEADOW™
Drop Arm Recliner Overview

**Drop arm recliner** is designed to allow caregivers easier access to move a patient from bed to chair.

**Optional push bar** with a platinum metallic finish helps caregivers reposition the chair.

**Optional bump guard** is a protective plastic welt cord.

**Contoured back** offers supportive, patient comfort.

**Infinite back lock** allows locking the back into various positions in 1 degree increments.

**Optional moisture barrier** is available on seat cushion.

**Trendelenburg option** allows feet to be higher than head; paddles are located on both sides of the recliner.

**Footrest lever** allows footrest to be extended independently of the back operation.

**Heated seat** is available as an option.

**Grey, non-marking casters** work on both hard and soft surfaces. Individual-locking, single-wheel casters are standard (not shown); central-locking, dual-wheel casters are optional (shown).

**Arm caps** are available in 3D laminate, finished beech wood, and solid surface. EOSCU (Cupron-enhanced EOS) biocidal solid surface arm caps are optional on solid surface arm cap model; upcharge applies.

**Model without arm caps** is also available.

**Drop arm** eases lateral patient transfer. Arm is shown in the “up” position.

**Optional central-locking casters with brake** are controlled from a foot pedal on the left side (as seated) of the recliner.

**Footrest** features a removable upholstery cover.

**Optional pull-out footrest** allows for patient to ingress and egress more easily. Footrest also can be used for comfort when recliner is in the seated position.

**Pull-out knob** unlocks the drop arm.

**Drop arm** is shown in the “down” position.

MEADOW™
Bariatric Recliner Overview

Bariatric recliner provides a generous seat width for patient comfort.

Optional push bar with a platinum metallic finish helps caregivers reposition the chair.

Contoured back offers supportive, patient comfort.

Optional bump guard is a protective plastic welt cord.

Infinite back lock allows locking the back into various positions in 1 degree increments.

Grey, non-marking casters work on both hard and soft surfaces. Individual-locking, single-wheel casters are standard (not shown); central-locking, dual-wheel casters are optional (shown).

Footrest lever allows footrest to be extended independently of the back operation.

Arm caps are available in polyurethane, 3D laminate, finished beech wood, and solid surface. EOS® (Cupron-enhanced EOS) biocidal solid surface arm caps are optional on solid surface arm cap model; upcharge applies.

Model without arm caps is also available.

Optional utility bag hook can be specified on the left side as seated; not shown.

Models with fold-down tray on the left side of the recliner (as seated) are available. Tray is 12”D x 16”W.

Optional central-locking casters with brake are controlled from a foot pedal on the left side (as seated) of the recliner.

Footrest features a removable upholstery cover.

Optional moisture barrier is available on seat cushion.

Heated seat is available as an option.

Optional pull-out footrest allows for patient to ingress and egress more easily. Footrest also can be used for comfort when recliner is in the seated position.

MEADOW™
Glider Recliner Overview

Glider recliner can be adjusted to the ideal position for comfort, from smooth glide capabilities to a reclining, 160 degree position.

Optional bump guard is a protective plastic welt cord.

Contoured back offers supportive, patient comfort.

Infinite back lock allows locking the back into various positions in 1 degree increments to 160 degree position. Button is conveniently located inside the right arm panel for easy adjustment.

Footrest lever allows footrest to be extended independently of the back operation.

Arm caps are available in polyurethane, 3D laminate, finished beech wood, and solid surface. EOS™ (Cupron-enhanced EOS) biocidal solid surface arm caps are optional on solid surface arm cap model; upcharge applies.

Model without arm caps is also available.

Optional moisture barrier is available on seat cushion.

Glider locking lever is located on the left side of the recliner as seated.

Footrest features a removable upholstery cover.

Legs are black metal.

Contoured back offers supportive, patient comfort.
