**Back slightly reclines** for comfort.

**Pocket spring construction** covered with a channeled down layer provides a comfortable, soft seat.

- = Inside back
- = Seat top (not shown)
- = Exterior back and sides

**Contrasting upholstery** may be specified for the seat top, inside back, and the exterior sides/back on the lounge; for the ottoman, contrasting upholstery may be selected for the top and sides.

**IMPORTANT:** Redistribution of down filling over time may appear as comfort wrinkles. Some puckering is expected along vertical and horizontal seams due to the relaxed upholstery. Down-filled channels may telegraph through thinner fabrics; specifying a thicker fabric is recommended.

### COM/COL

Kimball has analyzed each model to most accurately reflect the COM/COL yardage requirements shown on the pricing pages. The yardage requirement for each model is based on 54"W fabric and cutting the fabric up the roll.

For widths other than 54", increase the yardage requirement by the factors below:

<i>Fabric width</i>	<i>Increase yardage</i>
50"–53"	15%
48"–49"	30%
45"–47"	45%

If repeat is larger than 18", contact Customer Service to confirm the correct amount of yardage required.

When ordering 10 or more chairs in the same COM, yardage requirements may be reduced.
